Spring Hill is a diversified vegetable and poultry farm located in Brecksville, operated by Alan and Susan Halko. The Halkos raise over a dozen types of vegetables (including 20+ varieties of tomatoes) and pumpkins. Their poultry operation (eggs, broiler chickens and Thanksgiving turkeys) is pasture based. In the spring they also produce organically raised tomato, pepper and herb plants. They sell at the farm, and in the Countryside Farmers' Market at Howe Meadow located in the Cuyahoga Valley National Park.
